Comments Summary

Task	Project	Summary
Client 51	FP - Advice (Implementation)	The task involved managing a client's SMSF rollover, investment strategy, and cash management account (CMA) setup, with progress paused pending the sale of the client's primary residence and property transactions. Recent comments show the client's spouse underwent surgery, delaying the signing of CMA applications, while the team prepared both personal and SMSF CMA paperwork and awaited confirmation on property decisions. Currently, the rollover is confirmed, fees are loaded, but all further steps—including activating the CMA and finalising investments—remain on hold until the property sale and downsizer contributions are completed
