Selected Task Comments

Task	Project	Summary
Client 51	FP - Advice (Implementation)	The comments focus on confirming a superannuation rollover to an SMSF account, loading and adjusting fees, and deferring further actions until a property sale and new home build are completed. They also mention preparing and sending applications for cash management accounts (CMAs) but note delays due to pending property transactions and a medical procedure. The task involves updating account structures once the CMAs are active.
